

Is" BISHOP KOFI ADONTENG BOATENG "A True Man Of God?

Aug 3, 2013

This is a question lingering in the minds of many Christians today? The bible clearly states that

"You will know them by their fruits. Grapes are not gathered from thorn bushes nor figs from thistles, are they?

After reading this story you can't help but register your disappointment if you have entrusted your life and future in a man of God.

We owe it a duty to protect the community and brethren who are seeking to follow Christ from going the wrong path by exposing the activities of this man of God.

You will not need the spirit of God to discern that the activities of a Virginia based Bishop who boasts of the largest prayer line in the world is a scam.

Anyone who makes attempts to expose him is threatened with curses but?In Proverbs 26:2 the writer of Proverbs makes a very important statement. He says:

?Like a flitting sparrow, like a flying swallow, so a curse without cause shall not alight.?

People are being cowed with threats of curses on the prayer line and from the pulpit.

The bible does not teach us to curse our enemies. Jesus only cursed a tree not a human being.

Many men of God have been using curses as a tool to scare people from exposing their deeds. Does this come from God?

His anointing is not in doubt but why would one abuse the gift of the father?

Thou shalt not take the name of the Lord thy God in vain

The man of God sprang up from Worcester Massachusetts about 4 years ago with a small prayer network that has sprang up to one of the biggest nationwide.

In the eyes of the public he is a very nice gentleman and a philanthropist who gives and supports a lot of people and has made it a part of his ministry to feed the homeless but deep inside his camp there is utter mistrust, dirty work and confusion.

He was estranged from his first wife just before he got into ministry.

Within a year after establishing his ministry some of the closest allies deserted him after making several discoveries.

His phone records were revealed by his former Church after he was suspended which showed phone calls to psychic lines.

His own driver and closest pal one Mr Eric Boamah was the first person to come out about his activities with women.

Papa Sheee a Maryland based musician and man of God also left after making startling revelations.? In spite of these revelations his ministry grew stronger.

In April 2011 he relocated to Virginia. It was then that the lenses of this writer followed him keenly.

Let us now get into his detailed activities.

He came to Virginia as a Prophet in April 2011 and in August 2011 he was ordained an Apostle and also awarded an honorary PHD by a University in Ohio.

The University that awarded the PhD. is in Ohio but it was conferred on him at his own convention in Chicago.

The question is what did he do to deserve a PhD. and do Universities confer honorary degrees to people outside their campuses? .

It has emerged that he lobbied to buy these accolades.

In 2012 he was again ordained a "Bishop". The revelations below will reveal if this was earned.

On his arrival women could not hide their admiration for him and he took advantage of it and made the most out of it.

A lady who was separated from her husband and the man of God never made an attempt to bring them together but took advantage of the situation to feast on the lady's resources.

A lot of women left their husbands because he promised to marry them.

One Aretha AntwiAgyei from New York was also a victim and her husband who got wind of it called the "Bishop" and hurled insults at him when he was tipped off that he was in a hotel room with his wife.

After several affairs with one Portia he ditched her bitterly.

He jumped into a relationship with one Monique in Rhode Island and subjected her to the same ordeal.

It then became the order of the day that he had affairs with almost all the women around him.

A lady musician by the name of Mavis Tiwaa a known trickster who sang in the Church became a secret girlfriend and after a deep relationship and promise of marriage known to some of his close associates he ditched her.

He took advantage of her when she sought his assistance to fight her legal battles.

It was also revealed that some young ladies in the Church have left after falling victim.

Some young ladies and many others have all shared the same bed with the man of God.

A young man who lived in his house came out openly about finding used condoms in his bedroom.

We have decided to mention names because we challenge him to deny these allegations and we will prove further.

This is one man who cannot be trusted with any confidentiality. He sets confusion in the midst of his congregation by telling everyone to be careful of each other.

He alleges that a lady minister Mrs Bertha Domfeh who works for him in his office is in love with him as such has been made several attempts to seduce him.

He said the same about Ohemaa Mercy a musical diva from Ghana. For God's sake these are married women.

He says this freely to his girl friends to be watchful of them.

Today his ministry is crumbling because many have found out about his tricks. Some have confessed that they are paid to give sweet testimonies

Some activities are stage-managed.

His meetings with the occult group in Washington DC has been exposed.

Some of the founding fathers of the ministry like Samuel Osei aka Agya Osei, Mr. Thomas Owusu and Mr. Prince Boateng have all left after he accused the latter two of financial impropriety.

This is just a tip of the iceberg. Stay tuned for detailed revelations and interviews from some of the former Church members.

It would also interest you to know why and how about 70- 80 members of the Church were ordained as deacons, deaconess, pastors and elders.
